

RailYathri

FEATURES (From my analysis)

- Train ticket booking
- PNR Status
- Confirmation Probability
- GPS based tracking inside train
- Location of train
- Live arrival or departure
- Trains between station
- Train time table
- Seat availability
- Fare calculator
- Rail Wisdom
- Live train announcements
- Medical emergency
- Order food

FEATURES (From user reviews)

Apart from improving accuracy in the above features , users have suggested the following

- Unreserved train ticket booking
- Accurate coach position
- Add notification - where train has reached so that there is no need to open the app every time
- Remove ads
